California RV Show
Auto Club Speedway
October 4 - 13, 2019

Discount Deadline Date:
September 5, 2019

Company Name	Email	Phone Number	Booth Number
Show Site Contact	Show Site Email	Show Site Phone Number	

ELECTRICAL: If your RV is rated as a 30 amp unit, it is required to order a 30 amp connection, if 50 amp then order 50. You cannot throttle down to 30amps if your RV is rated for 50amps. If the proper amp is not ordered, electrical service cannot be guaranteed. All costs to upgrade orders once installed will be billed to exhibitors including labor and generator load rerouting which can be very costly. For the success of your exhibit and those of your fellow exhibitors, please order proper amperage for your RV rating.

Easy Ordering Tips:

- Order your outlet(s) for each area in your booth requiring power, 5 amp minimum required. Be sure to submit your electrical floor plan that designates a main drop location (MDL). There must be an MDL provided for all Island booths.

Manufacturer-Dealer Area / RVIA Exhibitors

Item Code	Description	Discount (\$)	Regular (\$)	Qty	Total
